My Favorite Song

This is my favorite song:

Why you ask? I've played drums for about 20 years, and was inspired that my uncle [Tony MacAlpine](https://en.wikipedia.org/wiki/Tony_MacAlpine) got to play a few albums with the legendary Dennis Chambers. I took lessons for years, and after years of practicing 5 hours a day, I decided to keep it as a hobby and just play when it suited me.
